## Upon Arrival

## Welcome to use AIRSIM

- 1 Please make sure you have purchased a data package in our Mobile App **AIRSIM ROAM** before use.
- 2 Upon arrival of your destination, insert your **AIRSIM** into the mobile phone, turn on “Data Roaming” function and wait for about 3 minutes, **AIRSIM** will be transformed into a local SIM.
- 3 For Dual SIM handset users, please insert **AIRSIM** into SIM Slot 1 and make sure the data service is assigned on **AIRSIM**.
- 4 If you cannot use the data service, please restart the mobile phone, and switch ON/OFF flight mode once. **AIRSIM** will search for the network again.
- 5 APN will be set automatically in most regions. Manual APN setup may be required in some destinations.
- 6 All purchased data packages can be used from 14 days before and within 30 days from the selected effective date.
- 7 Except for 24/48 Hours Data Package, the daily data usage time is from Taiwan time (GMT+8) 00:00:00 to 23:59:59. There is no pro-rata calculation regardless of the activation time of data service. 24/48 Hours Data Package is a continuous 24/48-hour session starting from service activation.
- 8 **AIRSIM** works on unlocked mobile phones and tablets only, but not compatible with pocket WiFi device (MiFi). You can use data sharing (Tethering) on your mobile phone or tablet if applicable.
- 9 With Mobile App **AIRTALK ROAM**, you can make calls to destination country and call back home, incl. landline nos.

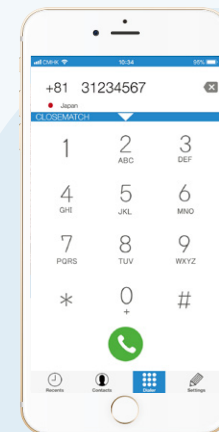

## Enjoy Voice Calls
